

→ FedTBM

A data-driven technology business management tool for federal agencies to plan, manage, optimize, and report on IT spending across all technology investments.

Track your investments toward IT modernization versus maintenance. And stay compliant with financial reporting requirements.

With FedTBM, you will increase fiscal transparency, make more informed spending decisions, realign priorities toward agency mission goals, and generate all your financial reports with just a few clicks.

ICF is a global consulting services company, but we are not your typical consultants. We help clients navigate change and better prepare for the future. Our team provides digital, cyber, and cloud-based platform services that drive transformational solutions across business and government. From cloud platforms and automation to machine learning and AI, we provide the foundation to meet dynamic end-user requirements and stand up a modern enterprise. We combine the best of advanced analytics, industry expertise, and enterprise technologies to build agile solutions that evolve to meet your changing needs. Our extensive suite of proprietary software and other technology tools add value to your projects from the outset. Learn more at icf.com/work/digital.
